

# INTERNATIONAL JOURNAL OF GEOINFORMATICS

ISSN 1686 - 6576

---

**International Journal of Geoinformatics** aims at publishing scientific and technical developments in the diverse field of Geoinformatics encompassing Remote Sensing, Photogrammetry, Geographic Information System, and Global Positioning Systems. Papers dealing with innovations in theoretical, experimental and system design aspects are welcome. Routine applications without significant findings will not be considered.

## Manuscript submission details

**Digital copy of the manuscript in MS word should be sent to the Editor-in-Chief.** The manuscript should be prepared in MS Word double spaced in A4 size. Size of the manuscript should be limited to 12 pages (A4 size) inclusive of all texts, figures, and tables. Manuscripts should be organized in the following order:

(a) Cover page (Title, Name of authors, affiliations, address, e-mail, phone, fax) on one page

### The main paper should have:

- (b) Title (Times Roman, 18 Font, Bold, Center justified)
- (c) Abstract (about 150 words)
- (d) Main text with sections and subsections numbered in order
- (e) References
- (f) One page with titles of tables
- (g) All tables on separate pages in same order with title
- (h) One page with titles of figures
- (i) All figures on separate pages in same order with title.

## References

References should be cited in the text by author name followed by year for example, (Narulmalani, 1990). If same author and year appear in more than one paper then they may be discriminated by putting a or b after the year, like (Narulmalani, 1990a). All of the cited references should be arranged alphabetically at the end of the paper in reference section. The following reference format will be used:

## Journal

Hewson, R. D., Cudahy, T. J., Mizuhiko, S., Ueda, K. and Mauger, A. J., 2005, Seamless Geological Map Generation using ASTER in the Broken Hill-Cumamona Province of Australia. *Remote Sensing of Environment*, 99, 159-172

## Books

Barret, E. C. and Curtis, L. F., 1992, *Introduction to Environmental Remote Sensing*, 3rd edition, (London: Chapman and Hall).

## Edited Books

Strum, B., 1981, The Atmospheric Correction of Remotely Sensed Data and the Qualitative Determination of Suspended Matter in Marine Water Surface Layers. *In Remote Sensing in Oceanography and Meteorology*, edited by A. P. Cracknell (Chichester: Ellis Horwood).

## Publication Charges

Author(s) have to pay **US\$ 300** for publication of the paper. This will offer following benefits:

- Free subscription of one year to one author
- Free two page color figures
- PDF of the paper
- Copy of the Journal in which article is published

Subsequent colour pages will be charged at **US\$ 75** per page. An invoice will be sent to the author before final acceptance of the paper.

## English Proofing

As per the policy of the journal all the papers will be proofed and edited for their English. If the author wishes to use the proofing and editing service in advance of the paper submission, it may be arranged at a nominal cost **US\$ 100**. *This will help in speedy and smooth reviewing of the paper. It is encouraged for all non-native English speaking authors.*

## Submission of Paper as Softcopy

A softcopy version of manuscript in MS Word format should be submitted on final acceptance of the paper.

## Copyright

Upon acceptance of the paper by Editor-in-Chief, the copyright should be transferred to the publisher.

## Address for Submission of Manuscript

Dr. Nitin Kumar Tripathi  
Editor-in-Chief,  
International Journal of Geoinformatics  
165/520 Moo. 5, Tiwanon Road  
Muang, Pathumthani, 12000, Thailand
